TEXWRAP®

HOUSEHOLD & CLEANING PRODUCT SHRINK WRAP SYSTEMS

OVS SERIES VERTICAL SEALERS | CSS SERIES SIDE SEALERS | TLS SERIES L-SEALERS
| SIDE INFEED BUNDLERS | INLINE BUNDLERS
Texwrap has valuable experience helping household cleaning product suppliers bring shrink wrapped solutions to market. From disinfectant wipes and hand sanitizers, to floor cleaners and soaps, Texwrap has collated and shrink wrapped canisters, bottles, tubs, boxes and jugs. Each product wrapped in clear or printed film with pristine retail-ready presentation and secure containment.

WHY TEXWRAP?

• Texwrap has a full line of shrink wrapping and bundling solutions — from the simple TLS L-sealer designed for slower rate, manual feed applications, to complex turnkey solutions designed for high rate, fully automated production environments.
• Texwrap’s unmatched equipment reliability is backed by an industry leading 10 year warranty and represents the lowest total cost of ownership (TCO).
• Our experience in the household cleaning industry will help us to partner with customers to configure the right solution for their application.

WRAPPING SOLUTIONS

TLS Series L-Sealer
• Most economical shrink-wrapping solution
• Ideal for applications where speeds are slow to moderate
• Versatile wrappers within a defined range of product sizes

CSS Series Side Sealer
• Utilizes Texwrap Versa Seal (TVS) technology to insure consistent, high quality seals across a wide range of film types and gauges
• Ideal for applications requiring the moderate speed wrapping of packages where a side seal is desired

OVS Series Vertical Sealer
• Wraps products in a vertical position eliminating the need to re-orient products horizontally
• Ideal for applications requiring high speed wrapping of products with bottom or top trim seal
• Optional print registration
**BUNDLING SOLUTIONS**

200 Series Side Infeed Bundler
- Wraps unsupported product (no tray or pad) into a shrink bundled multipack
- Ideal for applications at slow to moderate speeds requiring a bullseye closure

1000 Series Inline Bundler
- Wraps products placed in a tray or on a pad and those that do not require assistance to remain upright
- Ideal for tray wrapping applications at moderate speeds requiring a bullseye or side tack closure

**FORCED AIR CONVECTION TUNNELS**

Single, Double, Triple Chamber Tunnels
- Paired with Texwrap L-Sealers, Vertical or Horizontal wrappers to deliver superior shrink results
- Top air velocity control for the adjustment of air flow to the top or bottom of the package for even shrink

**TURNKEY WRAPPING SOLUTIONS**

Side, Top, Bottom & Lap Seal Systems
- Configured for each application including automated infeed, Shrink Wrappers, and Shrink tunnels
- Factory Acceptance Testing (FAT) includes complete Solution

www.Texwrap.com
Texwrap provides high-quality stand-alone machinery and systems to produce commercially attractive shrink wrapped and shrink bundled products that are protected for storage and shipping. We provide one of the most comprehensive lines of cost-effective high-speed shrink wrapping and bundling solutions for a variety of applications including L-bar sealers, continuous motion side sealers, intermittent motion side sealers, lap sealers, and vertical wrappers, as well as tunnels, conveyors, and infeeds. We also specialize in designing and building systems for e-commerce packaging, as well as custom systems to fit unique applications for a variety of shaped products.

We have a network of highly-trained packaging distributor partners to better serve our customers. These partnerships ensure the best machinery and application fit, smooth startup, reliable local service, and long-term return on investment.
